

Do you know a young adult that would like to make \$40,000-\$200,000 a year?

SPOKANE AIRWAYS is a trusted Inland Northwest company with over forty years teaching experience in the aviation industry. Hundreds of young adults have been taught the art of flying and prepared for respected careers in Aviation and Aerospace.

Start your young adult by obtaining a private pilots license which can lead to a multitude of careers such as; flight instructor, airline transport pilot, corporate pilots, airframe & powerplant mechanics, air traffic controllers, scheduler & dispatchers for aircraft, airport management & planning, a thousand other professional careers all begin with a single step.

Please visit us at www.SPOKANEAIRWAYS.com "Education Resources" for more information or

Call us at **509 747 2017** or **509 838 3658** for more information about starting the young adult you know in a career that will last a lifetime, they will thank you for it later.

Ground School for the Private Pilots license starts January of 2009

give us a call

together we will discuss the career opportunities for your young adult.

It all begins with a single step www.spokaneairways.com
